Buenas tardes

Octavio, se ha recibido una nueva reclamación por peso drenado:

Comentario del cliente:

IMP 45230 tampoco cumplió con el peso drenado de 1180 g (peso promedio bajo y recuento alto de valores atípicos). Completamos la inspección de segundo nivel y adjuntamos los resultados de la inspección de terceros para su referencia.

Como acción correctiva para cumplir con los requisitos de peso de la CFIA, IMP 45230 se pegó con un peso muerto de 1,14 KG.

Se adjunta comunicado recibido junto a los soportes respectivos. Se solicita la revisión, análisis y respectivas causas y acciones correctivas para la respuesta al cliente.

Atentamente,
Cynthia Pacheco

Juan

El otro embarque de Shaffer también fallo, así que van a re-etiquetar.

Levantar nueva NC porque tendrá impacto económico

Hi Josh,

IMP 45230 also failed to meet 1180g Drained Weight (low average weight & high count of outliers). We've completed 2nd level inspection and attached 3rd party inspection results for your reference.

As corrective action to meet CFIA weight requirements, IMP 45230 was stickered with DW of 1.14 KG.

Pls let me know if you've any questions.

Thanks,

Joy

Hello Joy/Daniel,

Please advise if you'd to provide an update to Josh on IMP 45230 (second container of low DW product)?

Thanks,

Joana

Hello Joana,

Attached are the corrected documents. Only one error. We improved.

Do you know if IMP 45230, which arrived in January 2020 past all the weight tests?

Thanks,

Josh

Hello Josh,

Hope you had a nice weekend!

All the docs are good, except for the Producer Guarantee on Good Manufacturing Process - can you please request amended copy to state "pouch" instead of "canned"? Thanks!

Thanks,

Joana

Hi Joana and Daniel,

I hope all is well.

For IMP#45940, I gave you an ETD of 1/23 or 1/30. Because of additional QC checks, Salica's factory might need an additional week before loading. This would push out the ship date to the first week of February. I am trying to get it shipped ASAP but want to inform you about the current situation.

For IMP#43312, have you finalized the price reduction for the reworking, etc? The Accounting Dep't asked me to find out.

Thanks,

Josh
